POST-EXAM CORRECTION

AS Level Computer Science
H046/01 Computing Principles

Monday 4 June 2018 – Morning

If you wish to use the published question paper as practice material, please make the following correction.

Question **5(d), page 9**

In the first line, cross out '6' and replace with '7'

The stem of the question should now read:

The following floating point binary number is represented using 7 bits for the mantissa and 4 bits for the exponent, both using two's complement.
